

Outsource Accounting Services

Need more time to focus on the core of your organization? Rest easy knowing your accounting function is covered with Insero's team of dedicated financial experts by your side. From basic activities like bookkeeping and accounts payable to more executive-level financial functions like budgeting and forecasting, you deserve a partner with more than 20 years of experience who can take your organization to the next level of success.

The Accounting Services You Need, When You Need Them

Whether you are looking to outsource your entire accounting department or certain key functions, Insero can help. Our consulting services and solutions are completely customizable so you pay for the expertise you need and nothing that you don't. We keep your finances on track so you can stay focused on running your organization.

Why Choose Insero?

As experienced financial professionals, Insero's Outsource Accounting Services Group holds a deep understanding of the challenges that controllers, CFOs, executive directors, and business owners face on a daily basis. Our financial expertise and commitment to serving with excellence allow us to guide clients towards better financial outcomes while serving as a single source for all their accounting needs.

Here's why over 200 organizations trust Insero to provide the right person in the right position.

Our Flexibility

Our team can work on-site at your location or virtually from the Insero office based on your specific needs.

Our Technology

We leverage leading cloud accounting software to arm you with accurate, real-time financial information that streamlines your accounting function and enables you to make better decisions.

Our Experience

From family-owned businesses to large corporations to nonprofit organizations we have more than 20 years of experience serving organizations like yours with excellence.

Meet Your Leadership Team

Whether you're looking for a bookkeeper or a CFO, every member of the Outsource Accounting Services Group is a dedicated, full-time employee of Insero. That means you can rest easy knowing that your financials are in good, capable hands and that you have a trusted, long-term accounting partner by your side. Our group leaders are:

Kimberly W. Gangi, CPA
Partner

Kimberly Gangi is the head of the Outsource Accounting Services Group with over 25 years of experience in public accounting. Kim provides Outsource CFO and year-end accounting services for a variety of nonprofit and business clients. She also assists clients with banking and financing issues, preparing budgets and cash flow forecasts, and establishing internal procedures and processes. She has built on her experiences working with companies of varying sizes and industries to offer insight and management advice on a variety of issues and situations. Kim is certified as a Sage Intacct Implementation Specialist, allowing her to bring a powerful cloud-based platform to her clients and to streamline and elevate their real-time information and reporting needs.

Trina A. Lang
Principal

Trina is a Principal in Insero & Co.'s Outsource Accounting Services Group and brings to her clients over 25 years' experience in the nonprofit, high tech, manufacturing, wholesale distribution, and service industries. Much of her time is spent providing hands-on support to clients to help them advance their accounting departments through mentoring staff, developing monthly routines, and establishing processes to improve internal financial reporting that allows for accurate and timely financial reporting. She is also a resource to business owners with cash flow management, preparing bank financing packages, budget preparation, and the development of key business indicators and business models. She has experience in divisional and consolidated financial statements, multi-state retail locations, and preparation of due diligence documents for private funding secured. Trina is certified as a Sage Intacct Implementation Specialist, allowing her to bring a powerful cloud-based platform to her clients and to streamline and elevate their real-time information and reporting needs.
